The IEEE International Workshop on Measurements and Applications in Veterinary and Animal Sciences (IEEE MeAveAS) aims to comprehensively explore the various aspects of interactions among the realms of veterinary medicine and animal and food science with of instrumentations and measurements, bio-engineering, material science, chemical and biological measurements. The Workshop provides an opportunity for researchers, veterinarians, and animal scientists to engage in the exchange of ideas and knowledge, establish connections and collaborations, and stay updated on innovations in the fields of veterinary medicine and animal science.

MeAveAS is dedicated to bringing together professionals working on the development of instrumentation and measurement methods, not only for veterinary medicine but also for ecology and for food and animal science.

### ABSTRACT SUBMISSION

Researchers, academics, practitioners and industry partners are invited to submit **abstracts** (400 words) for the Workshop.

Abstracts have to be electronically submitted according to the instructions at <https://meaveas.org/initial-author-instructions>
